Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I want to be able to continue getting
my prescription from Madison Pharmacy.

I have experienced a tremendous difference since
using natural hormones - relief from ^{migraine} headaches
cramps, night sweats, mood crashes.

My prescription is from my doctor but not available
through the drug store. If I couldn't continue getting
it I would be very distressed - You must have some
good reason for proposing this draft, but please change
the part that would restrict this prescription from
getting to me. thank you.
